

This interim report contains the 2021-22 equality monitoring data in relation to the protected characteristics of our workforce, as well as recruitment and selection and organisational development and training. This data informs our 2021-22 Workforce Equality Monitoring report, which is awaiting final governance approval before release. It also informs our Equality Mainstreaming update report, which was published in April 2023 and provides an update on the progress made in terms of equality and diversity within the Healthcare Improvement Scotland workforce. Our Equality Mainstreaming report is available on our website [here](#).
